

## A Family Affair

Marcus Major brings back the beloved characters from his Blackboard bestselling debut novel, hailed for its wise commentary on the modern black family . . . hilarious, entertaining, sometimes outrageous (Publishers Weekly). A Man Most Worthy, Marcus Major's last novel, was lauded for its heady mix of sex, lies, and intrigue (Romantic Times). USA Today called Major's novella in Got to Be Real superbly handled. And Eric Jerome Dickey crowned Major's first novel, Good Peoples, an impressive debut that brings to life the people we know. Now several of the characters who most captured readers' imaginations are reunited in a lively and poignant new book that goes deep into the heart of what makes a family. When readers meet up with the Moore clan again, Myles and Marisa are celebrating their recent marriage, while Kenya and Amir have their hands full with their rambunctious seven-year-old twins. But Jasmine, Myles and Amir's teenage cousin, is rebelling against everything her family believes in. That is, until a stunning secret comes to light from the older generation that could tear this special family apart. Written with a Major dose of passion, humor, and profound insight into modern relationships, this is a sexy and captivating novel from one of our most exceptional African-American authors.
