

## A World for Julius (Texas Pan American Series)

Julius was born in a mansion on Salaverry Avenue, directly across from the old San Felipe Hippodrome. Life-size Disney characters and cowboy movie heroes romp across the walls of his nursery. Out in the carriage house, his great-grandfathers ornate, moldering carriage takes him on imaginary adventures. But Julius's father is dead, and his beautiful young mother passes through her children's lives like an ephemeral shooting star. Despite the soft shelter of family and money, hard realities overshadow Julius's expanding world, just as the rugged Andes loom over his home in Lima. This lyrical, richly textured novel, first published in 1970 as *Un mundo para Julius*, opens new territory in Latin American literature with its focus on the social elite of Peru. A member of that elite, Bryce Echenique incisively charts the decline of an influential, centuries-old aristocratic family who becomes *nouveaux riches* with the invasion of foreign capital in the 1950s. *A World for Julius*, his first novel, marks the first appearance in English of this important Peruvian writer, whose Latin American postmodern fiction has won critical acclaim throughout the Spanish-speaking world.
