

Adventures of a Salsa Goddess

They say a never-married woman over forty has a better chance of winning a million-dollar lottery than tying the knot. In this uproarious debut, forty-something Samantha Jacobs plans to beat the odds... This New Years Eve, Samantha Jacobs is finally getting married. Everything for her fabulous wedding has already been arranged--except for one teensy detail: She still has to get herself a groom. Its all part of her assignment for Tres Chic magazine-inspired by her boss's determination to publish a big story proving those nasty statistics wrong. So Samantha is tasked with heading to Milwaukee, Wisconsin--statistically the worst city in the world in which to snag a husband--and find herself someone smart, successful, and drop-dead gorgeous. Now this stunning, savvy, 41-year-old Cinderella has just one summer to meet the man of her dreams and fall madly in love. Thats fine with her, as long as it isnt with her too young, too poor, too sexy new salsa teacher--even if he does have all the right moves.
