

## Any Human Heart

Logan Mountstuart's life spans from the beginning to the end of the twentieth century. As a writer Logan mixes with the movers and shakers of his times. But as a son, friend, lover and husband, he makes the same mistakes we all do in our search for happiness. Here, then, is the story of a life lived to the full - and a journey deep into a very human heart. This recording is unabridged. Typically abridged audiobooks are not more than 60% of the author's work and as low as 30% with characters and plotlines removed.
