

## Atop an Underwood: Early Stories and Other Writings

A powerful insight into the making of a free spirit and literary pioneer. Before Jack Kerouac defined a generation with his 1957 classic *On the Road* and became one of the most prolific voices of Beat culture, he was learning how to live, and above all, how to write. *Atop an Underwood* brings together more than sixty previously unpublished early works which Kerouac wrote between the ages of thirteen and twenty-one, ranging from stories and poems to plays and parts of early novels, including an excerpt from his 1943 merchant marine novel, *The Sea is My Brother*. Readers, scholars, and critics will find in this book a fascinating missing link in Kerouac's development as a writer. His lifelong themes of America, adventurous travel, spiritual questing, work, family, and sports show their first sign of life in *Atop an Underwood*. The writings reveal what Kerouac was thinking, doing, and dreaming during his formative years and reflect his early literary influences; readers will also find here the source of his spontaneous prose. In the first words that he ever wrote, Kerouac proves that he was born with a passion for words and for living.
