

Babycakes (Tales of the City)

The characters that filled the pages of the three earlier Tales of the City books with love and laughter are at it again, as an ordinary house-husband and his ambitious wife discover there's more to making a baby than meets the eye. Unexpected help arrives in the form of a British monarch, a grieving gay neighbour, and an international ring of mail-order brides. Armistead Maupin has written a comedy of manners for our times.
