

## Be the Miracle: 50 Lessons for Making the Impossible Possible

Who doesn't want to live their dreams - or even surpass them? Who doesn't want the world to change for the better? Who doesn't want to see a miracle? What are we waiting for? Why not be the miracle? That's the challenge Regina Brett sets forth. To be a miracle doesn't mean tackling global problems. It means making a difference, believing change is possible, even in your own living room, neighbourhood, or family. Through inspirational essays, stories and columns Regina shares lessons that will help people make a difference in the world around them. They come from her own life experience and from the lives of others, especially those she has met in her 24 years as a journalist. Each chapter is a lesson that can stand alone, but together they form a handbook for seeing the miracle of change everywhere. Each lesson can be read as a morning meditation, lunchtime boost or evening reflection. They can also be used by preachers, teachers, churches, students and families. With upbeat lessons from *Do Your Best and Forget the Rest* to *Sometimes It's Enough to Make One Person Happy*, these lessons will help you accept and embrace yourself, challenge and change yourself, and better serve others.
