

Pillow Talk

Darkly funny and sexy-literary escapism at its finest. -Independent By day, Petra Flint is a talented jeweler working in a lively London studio. By night, shes a sleepwalker troubled by a past she cant put to bed and a present that leaves her clinging to an unsuitable boyfriend. Arlo Savidge was once a budding heartthrob musician. Then tragedy struck and he chose to forsake stardom and all future affairs of the heart for a quiet life in the countryside as a music teacher. Petra and Arlo havent seen each other since they were teenagers-when their feelings ran deep but the timing wasnt right. Now, seventeen years later, they run into each other once more. Might first love get a second chance-or will what keeps them up at night keep them apart forever? Praise for Pillow Talk I defy anyone who doesnt fall in love with it. -Glamour Warm, sexy, satisfying. -Heat North charts the emotional turmoil with a sexy exactitude. -Marie Claire Another North gem. -OK (20110524)
