

## Bender (Core Four)

All Keegan wanted was a roommate who was quiet, minded his or her own business, and paid for part of the rent. Instead, she got Camden Brooks. Camden, with his sinful body, sharp tongue, and the inability to stay out of Keegan's personal space, couldn't seem to curb his interest in the new girl who wouldn't put up with his domineering ways. Feelings were running rampant, sexual tension was thick, and both were struggling to let go of control. To some people, getting a roommate simply meant living with another person. But for Camden and Keegan, it was a curveball that neither was prepared to swing at. Contains mature themes.
