

Boo Who (The Boo Series #2)

Knock knock. Whos there? Nobody in Skary seems to know for sure. It appears that everyone in Skary, Indiana, is having an identity crisis of epic proportions including the town itself. Once known as the haunt of the worlds most popular horror writer, Wolfe Boo Boone, Skary started losing tourist business after Boo abruptly abandoned his career. Now the little town with the big marketing hook is up a creek and on the brink of bankruptcy. Meanwhile, the former best-selling author is hawking [or selling] cars and wondering, like the rest of the world, if hell ever write again. Yet even as Boos literary career gracefully plummets, his fiancée, wholesome Ainsley Parker, is shooting to stardom as the medias darling new domestic diva. Weave in a dreaming bride with a bargain dress and a few too many pounds on her hips, an unconventional therapist who has Skary in his thrall, a depressed cat, a dogged busybody, and a horde of strange, ghostly figures traipsing in and out of the woods, and its easy to see why Skary is the quirkiest and most charming town around.
