

Postcards from the Heart

Life is looking up for Saffy. She has a great job, a gorgeous flat in the most desirable part of Dublin and - after six years - it looks like her boyfriend, Greg, is going to propose. Greg (just voted the 9th most eligible man in Ireland) is on a high, too - hes about to swap his part as a heart-throb in an Irish soap for a break in Hollywood. His best mate Conor wakes up every morning with Jess, the most beautiful woman on the planet but, even after seven years and two kids, she wont get married. He spends his days teaching teenagers and his nights writing the book he hopes will change everything, including Jesss mind. But their happy endings are playing hard to get. It seems everyones keeping secrets - one night stands, heartbreak, grief and loss are all in the mix. Its going to take some tough questions and even tougher answers before anyones being honest - even with themselves. POSTCARDS FROM THE HEART is a book about four friends in their thirties. Its about love, lust, life, death, balloon rides and missing hamsters. But most of all its about figuring out how to stop saying I dont and how to start saying I do.
