

Fall of Thanos (The Godless World)

The True Bloods are in disarray, their alliance crumbling and their armies humbled by the forces of the Black Road. Aeglyss, falling ever deeper into madness, casts a shadow across all. At the court of the High Thane, Anyara faces a savage struggle for survival against the nakyrims possessed agent: Mordyn Jerain, the Shadowhand. In the Glas Valley, Kanin, the embittered Horin-Gyre Thane, plots a desperate rising against the halfbreed. But ultimately it will be Orisian, Thane of a Blood that no longer exists, who must stand face to face with a darkly transcendent Aeglyss and make the sacrifice - of himself and others - required to end the threat he represents. FALL OF THANES is the spectacular conclusion to the Godless World trilogy, a sweeping epic of war, politics and empire.
