

Breakfast with Scot

Sam and Ed are living the good life: happy, healthy, devoted to each other and their careers, they have no yearning for the joyful mysteries of parenthood. But when eleven-year-old Scot's mother suddenly dies, the couple is determined to make good on a wine-soaked promise made years before. They hang a tire swing in the backyard and call the neighborhood school to arrange enrollment. Scot arrives just in time to start fifth grade—with a pair of lacy white socks in his duffel bag. With wry dialogue, frothy characters, and an offbeat plot, Michael Downing's mastery reaches new heights of brilliance in *Breakfast with Scot*.
