

13 1/2 Lives Of Captain Blue

Captain Bluebear is a bear with blue fur, a creature as unique as the fantastic adventures he undergoes. Unlike cats, which have only nine lives, bluebears have twenty-seven. This is fortunate, because our hero is forever avoiding disaster by a paws breadth. In this remarkable book, Captain Bluebear tells the story of his first thirteen-and-a-half lives spent on the mysterious continent of Zamonía, where intelligence is an infectious disease and water flows uphill, where headless giants roam deserts made of sugar, and where only Captain Bluebears courage and ingenuity enable him to escape the dangers that lie in wait for him around every corner. In company with our indomitable hero, we enter a realm of the imagination that combines the fantasy of Lord of the Rings and The Neverending Story with the humour of Baron Munchausen - a wonderland where anything can exist except boredom.
