

## Canine Agent Teabo and the Case of the Pavlovian Dog Pox

Teabo is training to become a secret agent with the Canine Secret Service. He dreams of becoming an agent as celebrated as his mentor, Roddy. When Roddy stumbles onto a plot to destroy dog civilization, he is whisked away on a secret mission, only to resurface carrying a deadly virus. Now, Teabo must find a way to save his mentor, and complete his mission. Teamed with questionable partners, Teabo must figure out who he can trust. As he struggles to find a cure for the virus that's killing Roddy, and halt the cats' evil plans, he is aided by a collection of species that spans the animal kingdom. Teabo must prove that he may be one of the greatest agents CSS has ever known. All he has to do is find a cure for a deadly disease, stop a feline plot for world domination, and discover who he can really trust.
