

Catch Me When I Fall (French, Nicci (Spoken Word))

Holly Krauss lives her life in the fast lane. A successful, happily married businesswoman, she is loved and admired by everyone she meets. But that's only one side of Holly. The other takes regular walks on the wild side and is making reckless mistakes. When the two sides of Holly's life collide, her world quickly spirals out of control. She thinks she's being stalked, that someone is trying to extort money from her, and that threats lurk around every corner. Soon the people closest to her are running out of patience.... But are her fears due to paranoia and illness, or is the danger very, very real? And if Holly's judgment and mental health are not sound, who will catch her when she falls?
