

Chained Reaction (The Destroyer #34)

Black is not only beautiful, its Ruby Gonzalez . . . the wild CIA lady with a sure cure for what ails Remo and Chiun. Remo Williams just cant seem to forget he was once a Newark cop. But when youre the Destroyer you do need a little humility. Yellow, the worth of gold, the texture of parchment, the color of the sun source itself . . . and, in the inscrutable, insuperable, Chiun, a veritable galaxy of wisdom and power. And fun at a riot. It will be all over when Southern idiots with whips and chains, and Northern madmen with money attempt to reduce business costs by raising slavery to new levels of efficiency. The Destroyer, with a little help from his two friends, proves that billions of dollars and armies of thugs just arent enough. Then bucks and Ruby will do . . .
