

Claire Voyant

Of course the future is a mystery. But the past? This is nuts! Talk about ruin-your-day flights. Im headed to Florida, when the elderly man seated next to me collapses on my tray table. I swear, if Id known this was his final boarding call, I would have offered him my pretzels or my New York Times. But no, I was too busy feeling bloated, anxious, depressed, unloved, a failure, and did I mention bloated? Youd be bummed too if you were almost thirty, living back home in Plainview, Long Island, with your at-war parents and loser siblings. If your acting career was such a bust your last film was an X-ray. If your boyfriend and your agent dumped you the same week, but great news! -- Theyre in love with each other. Could things possibly get any worse? Do you even need to ask? That man on the flight? We were related. And my life story? Nothing like I thought. Oh, and then this fall in the shower? Opened up my psychic senses. Bottom line? I knew nothing about my real past, but suddenly my future was coming in loud and clear! Youve got to follow me on this amazing spiritual adventure that sent my life into a tailspin. I promise you love, laughter, oh-my-God secrets, and a ride to the other side youll never forget. But lock the bathroom door. Youre not coming out until youve heard it all. Love, Claire
