

Deep Black Dark Zone (NSA)

Dark Fear In a secluded headquarters on the other side of the globe, a terrorist mission is underway a plan to set off an underwater explosion so great, and with such hellish force, that it could shift the very foundation of the earths surface, causing untold calamity and world-wide disaster. The terrorists call it Gods Revenge. Dark Weapon A nuclear warhead has gone missing. Small in size, it packs up to ten times the kilotons that exploded over Hiroshima. Its now in the wrong hands, ready to detonate a world war of unfathomable proportions. Dark Zone In the top-secret headquarters of the National Security Agency, a small cadre of special agents form Deep Black, designed to bring a techno-edge to covert operations and eliminate the cyber-threats to world peace. This is Charlie Deans world an NSA ex-Marine sniper now enlisted to stop the unthinkable. But when his suspicions of a traitor in his shadow become frighteningly true, Deans race against time could mean the end of the free world.
