

Eagle Rising (Gollancz)

Someone has been mad enough to revive the most horrifying evil of the last 60 years. A neo-Nazi magical sect is intent on bringing back the terror from the darkest days of the 1940s, and only one modern magician trained in the magical arts and exorcism has the tools needed to stop them. Jack must infiltrate the closed corridors of a big-business conspiracy among some of the most high-powered executives in the country. He eventually finds a cabal of businessmen with occult interests and an insane hunger for the return of an old and dark order. Described as a mix of Dennis Wheatley and Ian Fleming, Devereux lives up to the billing with his new novel.
