

Daybreak

The doctors office is cool, white, sterile. But the doctors words are searing: blood tests prove beyond a shadow of a doubt that Margaret and Arthur Crawfields beloved, dying son is not their child. Now they must face Peters death and the shock of having a son they have never met. Grieving, yet compelled, they begin a search that will tear two families apart. Laura and Bud Rice share an elegant home and two children, brilliant, handsome Tom, and cherished, chronically ill eleven-year-old Timmy. But after nineteen years of marriage, Lauras respectable husband is a stranger and the reason for Toms escalating involvement with a group of campus bigots. Suddenly the Crawfields enter their lives and shatter their fragile world. As the Rices quiet Southern town explodes with hate and violence, the two families must embrace or be destroyed by the shattering truth. From the Paperback edition.
