

The Other Side of Nothing

~ Things are not always what they seem~Annie's world is turned upside down when her best friend Jenna is killed in a car accident just before the New Year. Jenna is gone. Annie is devastated, until she finds she can somehow still see Jenna. Her mind is obviously playing tricks she decides. Insane or not, at least she has her best friend back. School turns out to be another challenge. It's hard to concentrate when the best friend you're supposed to be grieving is now hanging all over Zach, the most popular guy in school. Annie, unable to look Zach in the eye, tries now to avoid a boy she and Jenna both had a crush on. Annie finds that things are not always as they seem. The first day back to school only leaves Annie with two questions. Why is Zach Calloway all of a sudden interested, when before Jenna died he didn't even know Annie existed? Even more important, why can creepy Evan Meglio from Biology class apparently see Jenna too.
