

The Dolphin Chronicle

Peter Jamison and his son Charlie have boarded their sailboat and cast off into the unknown on an odyssey of adventure and self-discovery. On their journey, they are tested by the uncertainties of nature, the threats of drug-related violence, the mysteries of unexpected love, and the sirens call of salvation. As they head toward Miami, unexplained events multiply. Who are the distressed voices on the radio, and who sent the armed men in the high-speed boat? Is the mysterious, seductive woman in Jamisons arms a delusion or an angel, and where is she leading him? As Jamison records his revelations in a journal he dubs The Dolphin Chronicle, father and son are drawn through an unfolding array of challenges toward the shocking culmination of their quest.
