

## Grave Risk (Hideaway, Book 7)

It was a tragedy for the entire town: beloved high school principal Edith Potts collapsed and quickly died. For nurse Jill Cooper, it was a crushing loss--and the first of many shocks. Two former sweethearts have suddenly returned to town, reawakening all her youthful traumas, secrets and dreams. Then another death occurs. It appears accidental, but is it? Is everything a coincidence? Or could it all possibly be connected to another murder, three decades ago? Before its over, Jill will have to look hard at her troubled history, question her sanity, her faith and face the deepest secrets in her heart.
