

## Falling Into Place

A sparkling romantic comedy about real women facing real-life challenges. As a young university student, Ginny was abandoned by her boyfriend just as she gave birth to his daughter. Now nineteen-year-old Marie has gone travelling and Ginny is facing the choices she made. But a blast from the past is about to throw everything into disarray. Ginny's prodigal sister, Charlotte, has had enough of travelling and has finally returned from abroad. She isn't ready to settle with anyone though, least of all a respectable ex-boyfriend who really wants her back. But an obsessive admirer has followed her home. Meanwhile their mother, Jane, is baffled. Her husband has left home. Is he having a late mid-life crisis or can he really be serious about another woman? Everything seems to be falling apart. But maybe it's just falling into place.
