

Full of It

After calling off her engagement, she's single for the first time in years and ready to take on the world. Instead, she discovers that starting over isn't all it's cracked up to be. When a spinster aunt bequeaths her a house in Portland, Oregon, Lauren intends to fix it up and flip it for a tidy profit. However, her big mouth, which is always a step ahead of her brain, has other ideas. Before she knows it, she's moving in. Lauren discovers plenty of surprises and colorful neighbors to shake things up. From faulty wiring and a sinkhole in the living room to the salty curmudgeon next door, Lauren's new life is heading in unexpected directions. Her friends and family think she's making a grave mistake, but for the first time ever, it might not be Lauren's mouth, but her heart, that will finally come out ahead.
