

Galactically Speaking

Leddie Fennhadden witnesses the crash of an alien space craft out in the Florida boondocks. She manages to salvage the ship and rescue the pilot, whom she renames Nick. When they learn Nick has been charged with murder by the Galactic Association, they must embark on an interstellar odyssey to save him from immediate vaporization. While Nick stands trial, Leddie dons her anti-gravity gumshoes and uncovers a galaxy-shattering conspiracy that is the key to solving the murder. GALACTICALLY SPEAKING is a light-speed comic adventure that takes a whimsical peek at alien civilizations and the wonders of galactic technology while casting a satirical glare at turn-of-the-millennium terrestrial society.
