

## The Making of Us

One decision can change your life forever - In a hospice in Bury St Edmunds, Daniel is slowly fading away. His friend Maggie sits with him every day and she listens to the story of his life, to his regrets and secrets. He tells her about the children he has never met and never will. Lydia, Dean and Robyn don't know each other yet but when they slowly find their way into each other's lives, everything starts to change - This recording is unabridged. Typically abridged audiobooks are not more than 60% of the author's work and as low as 30% with characters and plotlines removed.
