

Half-Price Homicide: A Dead-End Job Mystery

The national bestselling author presents a high society murder mystery... At Snapdragon, a high-end designer consignment shop, Helen is at the beck and call of snobby- yet frugal-customers. That alone is a deadly combination, especially with Chrissy, a drool-worthy fashionista who walks in with a purse to sell, and ends up screaming at her husband and another customer. Helen is used to dealing with snobby women, controlling husbands, and fashionable politicians. But shes about to have to handle a brand new type of unsatisfied customer-a murderer. Chrissy is found dead in Snapdragons dressing room, with the hand-painted scarf Helen was just holding tied around her neck. And Helen goes from being low on societys totem pole to high on the polices suspect list.
