

The 2009 Import and Export Market for Mens and Boys Shirts of Knitted or Crocheted Cotton Textile Materials in Indonesia

On the demand side, exporters and strategic planners focusing on mens and boys shirts of knitted or crocheted cotton textile materials in Indonesia face a number of questions. Which countries are supplying mens and boys shirts of knitted or crocheted cotton textile materials to Indonesia? How important is Indonesia compared to others in terms of the entire global and regional market? How much do the imports of mens and boys shirts of knitted or crocheted cotton textile materials vary from one country of origin to another in Indonesia? On the supply side, Indonesia also exports mens and boys shirts of knitted or crocheted cotton textile materials. Which countries receive the most exports from Indonesia? How are these exports concentrated across buyers? What is the value of these exports and which countries are the largest buyers? This report was created for strategic planners, international marketing executives and import/export managers who are concerned with the market for mens and boys shirts of knitted or crocheted cotton textile materials in Indonesia. With the globalization of this market, managers can no longer be contented with a local view. Nor can managers be contented with out-of-date statistics which appear several years after the fact. I have developed a methodology, based on macroeconomic and trade models, to estimate the market for mens and boys shirts of knitted or crocheted cotton textile materials for those countries serving Indonesia via exports, or supplying from Indonesia via imports. It does so for the current year based on a variety of key historical indicators and econometric models. In what follows, Chapter 2 begins by summarizing where Indonesia fits into the world market for imported and exported mens and boys shirts of knitted or crocheted cotton textile materials. The total level of imports and exports on a
