

Burnt Edges

Familiar abuse or an uncertain future? Which would you choose? This is Laurel Lee Pages dilemma when she is faced with an unplanned pregnancy at nineteen. Born into a broken family, guilt and shame are all she has ever known. No matter what she does or whom she meets, Laurel appears to be living a condemned life. However, she is determined to find independence and freedom in spite of her familys legacy of hatred and self-contempt. Set in Southern California during the tumultuous 1960s, *Burnt Edges* is a contemporary novel based on true events that prove strength can emerge in the most horrific of circumstances.
