

Distant Lover

For thirty-seven-year-old Tandi Crawford, the past is a double-edged sword. On one side is the agonizing mystery of her mothers early death and her fathers brutally cold indifference. On the other is the all-too-vivid recollection of one unforgettable summer and the unrequited teenage romance that wont let Tandi rest. The fantasy of getting together with a boy she hasnt seen in more than twenty years has pulled Tandi through many a bitterly lonely night with a husband whos too busy to notice that hes lost her. After vowing never to live in her fathers house again, Tandi finds that her failed marriage has brought her and her young son back to that very same dusty doorstep. And when Tandis daydreams of reuniting with her long-ago boyfriend unexpectedly become an exciting and passionate reality, Tandi discovers that nothing and no one in her life is as it appears to be...Mallettes balanced perspective and well-rounded characters will keep fans riveted. -- Publishers Weekly
