

Pandoras Daughter: Library Edition

She has a gift of unspeakable power.... He must control her or destroy her.... For as long as she can remember, successful young physician Megan Blair has tried to silence the voices in her head - voices that bring her to the edge of madness and terror. Megan possesses psychic powers that have been dormant for years, hidden deep in the past she's tried so desperately to forget. But now everything has come to a boiling point - someone is trying to kill her, and others are trying to use her, including the deadly and seductive Neal Grady. Shocking secrets about her life and her mother's death bombard her as she fights to take control of her heritage and save herself and everything she believes in. Grady holds the key to understanding her future, a future in which Megan's life will never be the same. If she survives to have a future.
