

The 2013 Import and Export Market for Iron or Steel Unthreaded Screws, Bolts, Nuts, Screw Hooks, Rivets, Washers, and Similar Articles in Romania

On the demand side, exporters and strategic planners focusing on iron or steel unthreaded screws, bolts, nuts, screw hooks, rivets, washers, and similar articles in Romania face a number of questions. Which countries are supplying iron or steel unthreaded screws, bolts, nuts, screw hooks, rivets, washers, and similar articles to Romania? How important is Romania compared to others in terms of the entire global and regional market? How much do the imports of iron or steel unthreaded screws, bolts, nuts, screw hooks, rivets, washers, and similar articles vary from one country of origin to another in Romania? On the supply side, Romania also exports iron or steel unthreaded screws, bolts, nuts, screw hooks, rivets, washers, and similar articles. Which countries receive the most exports from Romania? How are these exports concentrated across buyers? What is the value of these exports and which countries are the largest buyers? This report was created for strategic planners, international marketing executives and import/export managers who are concerned with the market for iron or steel unthreaded screws, bolts, nuts, screw hooks, rivets, washers, and similar articles in Romania. With the globalization of this market, managers can no longer be contented with a local view. Nor can managers be contented with out-of-date statistics which appear several years after the fact. I have developed a methodology, based on macroeconomic and trade models, to estimate the market for iron or steel unthreaded screws, bolts, nuts, screw hooks, rivets, washers, and similar articles for those countries serving Romania via exports, or supplying from Romania via imports. It does so for the current year based on a variety of key historical indicators and econometric models. In what follows, Chapter 2 begins by summarizing where Romania fits into the world market for imported and exported

iron or steel unthreaded screws, bolts, nuts,
screw hooks,
