

Sir Gawaine and the Green Knight: The Quest

When the young Scottish prince, Sir Gawain took his oath as a Knight of the Round Table, he had no way of knowing how sorely his commitment to his vows would be tested. Then a Green Knight comes to court with a daring challenge: a knight must try to sever the challenger's head with an ax; but if he fails, the knight must come to the Green Knights Castle in a year and a day to submit to a return blow. While the veteran knights stand silent before the dare, Sir Gawain steps forward to prevent King Arthur from doing so. In his long journey to face his enchanted adversary, Sir Gawain will face loneliness, hardship, imprisonment, torture, death and damnation or lose his honor. As he bravely faces his ordeal alone, he is unaware that there is another knight trying to find the Green Knight before Sir Gawain can, his younger brother, Sir Geheris. As they cross the realm through the brutal cold of winter, Sir Gawain is determined not to lose his honor, but the volatile Sir Geheris is equally determined not to lose his brother.
