

# In Silence

A deadly evil...When journalist Avery Chauvin receives word of her fathers shocking suicide, she returns to her hometown determined to find answers. Instead, she finds a community in turmoil, and strange rumours of neighbours who go missing in the night. Then a woman is found brutally slain. An outsider passing through town vanishes. And Avery begins to wonder, could her father have been the victim of something more sinister than it first appeared? As each step closer to the truth exposes yet another layer of deceit, Avery must face the fact that a terrible evil resides in this close-knit town, protected-until now-by the power of silence.
