

In the Land of Dreamy Dreams

IN THE LAND OF DREAMY DREAMS, Ellen Gilchrist's first book, is a collection of 14 short stories. She wrote them after being selected for a grant from the National Endowment for the Arts. Clearly she put her time to good use. It's difficult to review a first book as good as this one without resorting to every known superlative cliché...Gilchrist is the real thing. (Washington Post) Her stories are perceptive, her manner stylish and idiomatic--a rare and potent combination. (London Times Literary Supplement)
