

## Instances of the Number 3

The fantastic new edition of the bestselling second novel from the author of *Miss Garnets Angel*. Bridget Hansome and Frances Slater have only one thing in common. And that's Peter Hansome, who has died suddenly. Without their husband or lover, the women find that before they can rebuild their lives they must look to themselves and unravel mysteries that they had never before even suspected. So begins an unlikely alliance between wife and mistress and a voyage of discovery that is as comic as it is profound. *Instances of the Number 3* is a funny, beguiling exploration of love, bereavement, Shakespeare, illusion and the impossibility of escaping your past. Following on from *Miss Garnets Angel*, this brilliant novel confirms Salley Vickers as a writer who transcends generations.
