

In the Deep End

Coll has just about forgiven Art for assuming that she'll sleep with him. He's promised her that they can take things slowly, that the time has to be right for her. But just when is the right time? And how will their relationship change afterwards? There's only one way to find out. Coll is about to plunge into the first truly passionate relationship of her life and she's excited, scared, exhilarated... But will she sink or swim?
