

## Laddie by Gene Stratton-Porter from Books In Motion.com

LADDIE is a captivating, good-humored look at family life in the early 1900s in a small farming community in Indiana. The story is told in the first person narrative by the youngest in a family of twelve children, known only as Little Sister. Through her eyes, the listener experiences the lives, loves, and tribulations of her family. But it is Laddie, her eighteen-year-old brother, who she is the most proud. Life becomes complicated when Laddie falls in love with a British girl.
