

Cane River

Set among the plantations in deepest Louisiana, CANE RIVER follows the lives of five generations of women from the time of slavery in the early 1800s into the early years of the 20th century. From down-trodden, philosophical Suzette, who was born and died a slave, to educated, pale-skinned Emily, whose high ambitions born in freedom become her downfall, we are introduced to a remarkable cast of characters whose struggles reflect the tragedy of slavery and, ultimately, the triumph of the spirit. This deeply personal saga - based entirely on the authors research into her own family history - ranks with the best African-American novels and introduces a major new writer.
