

Marvel Masterworks: The X-Men Vol. 6 (Hardcover)

1969: The X-Men, Marvels poorest selling title, was in dire need of a shot in the arm. Enter Roy Thomas and Neal Adams, and get ready for one of the most amazing evolutions in Marvel history! These two titanic talents threw caution to the wind with sensational stories that brought the X-Men in synch with the thriving youth culture of the late 60s. Adams lavish and dynamic visuals merged with Thomas challenging and contemporary stories to create a comic book series that throbbed with the pulse of the times like none other. Thrill to the introduction of mutant mainstay Havok, the vampiric villain Sauron, the Mutates and Sunfire; and battles against the Living Pharaoh and the Sentinels. COLLECTING: X-Men (1963) 54-66
