

## Lawrence Sanders: McNallys Chance: An Archy McNally Novel (Archy McNally Novels)

Palm Beaches premier man-about-crime returns in a delightfully raucous romp among South Floridas fabulous and felonious. When Sabrina Wright -- bestselling author of sumptuous tales of loves lost and found -- asks for Archy McNallys help in finding her missing husband, Archy quickly discovers its not a simple domestic case. Sabrinas husband did not disappear: rather, her daughter Gillian ran off and Sabrina sent him to find Gillian -- and he seems to have gotten lost, too. Gillian Wright fled to Palm Beach when she learned the true story of her birth: that Sabrina had the baby out of wedlock, put her up for adoption, then adopted her. Sabrina never revealed the name of Gillians father, having received a large sum of money to keep the whole thing quiet. But when local gossips get wind of the story, some very prestigious Palm Beach names see the help of the posh resorts most discreet inquirer. When the gossip turns deadly, Archy must take a chance in order to unravel a thirty-year old mystery while walking a tightrope between client confidentiality and justice.
