

## Not Proud: A Smorgasbord of Shame

I put poison ivy on my ex-husbands underwear so he would think he had a disease. Sometimes I have people over for dinner. When it comes time to serve the food, I always serve myself just a little bit more. I dont know why. I just have to have the most. I dumped a guy once because I hated his voice. He was very good looking, but when youre in a long-distance relationship, a voice really does count for a lot. NotProud.com creators Scott Huot and GW Brazier selected more than 250 of the most compelling anonymous confessions from their widely popular website. Part confessional, part peep show, this cant-put-down collection - categorized by the seven deadly sins (and the catchall Miscellaneous) - showcases the poetic, pathetic and occasionally bizarre thoughts and behaviours of everyday people. From fondling statues, to vengeful cat-food sandwiches, to an unabashed celebration of cheese, Not Proud feeds our inner voyeur with an array of the best and worst of human behaviour.
