

Girl Plus One

Q: My girlfriend and I have both been working late these days, and are just not in the mood for love by the time we get home at night. What can we do? A: Welcome to the world of morning sex. All you need to get started is to set your alarm half an hour earlier, and keep breath mints and condoms by your bedside. They don't call it morning glory for nothing... Single and sexy Laila is back in Mumbai and seems to have landed the perfect job as features editor and sex columnist of the popular men's mag Guyzone. Her friends Karthika and Maya cannot stop teasing her as Laila definitely knows a thing or two about men. And there seem to be plenty in her life. There is Neil, Laila's boyish yet charming photographer flatmate or Rahul, her ex-boyfriend, who still has the hots for her. These and other men are complications Laila can deal with but when Sameer, the suave CEO of Luxur enters her life, she knows she has found her match. What happens when the tables are turned and Laila loses her heart in this unpredictable game of love? Funny, smart, and utterly entertaining, *Girl Plus One* captures the life of a spunky city girl and her quest for that perfect plus one.
