

The Other Half of Me

JENNY FITZGERALD HAS been outside the huddle, trying to fit in to her sports-obsessed family. The only time she knows the score is when shes holding an egg-carton palette and painting on a canvas, but even then she feels as though something is missing. Unlike her three younger siblings, Jenny knows her biological father only as Donor #142. As Jennys 16th summer draws to a close, she feels more alienated than ever. But then a chance meeting with gorgeous uber-jock Tate leads Jenny to reach out to someone else who might know exactly how she feels. With Tate by her side, Jenny searches for a genetic relative in the Donor Sibling Registry and discovers that she has a half sister, Alexa. Jenny hopes their budding relationship will fill the gaps in her life, but when Alexa shows up on her doorstep for a surprise visit, the changes in Jennys world are much bigger than she could ever have imagined.
