

Riders

Sex and horses: who could ask for more? (Sunday Telegraph). Set against the glorious Cotswold countryside, *Riders* offers an intoxicating blend of swooning romance, adventure and hilarious high jinks. Brooding hero Jake Lovell, under whose magic hands even the most difficult horse or woman is charmed, is driven by his loathing of the dashing darling of the show ring, Rupert Campbell-Black. Having pinched each others horses and drunk their way around the capitals of Europe, the feud between the two men finally erupts with devastating consequences at the Los Angeles Olympics...A classic bestseller, *Riders* takes the lid off international show jumping, a sport where the brave horses are almost human, but the humans behave like animals. Joyful and mischievous. (Jojo Moyes). Exhilarating, irresistible and one of our nations most beloved novels. (Jill Mansell). Jilly Cooper is the funniest and the sharpest writer there is. (Jenny Colgan). Flawlessly entertaining. (Helen Fielding).
