

# Like Son

Set amidst the outsider worlds of present-day downtown New York, 1990s Los Angeles, and 1940s Mexico City, *Like Son* is the not-so-simple story of a love-blindness shared between a father and a son. Born a bouncing baby girl named Francisca Cruz, Frank Cruz is now a post-punk thirty-year-old who has inherited his dead fathers wanderlust, unrequited love, and hyperbolic tendencies. Felicia Luna Lemus is the author of the novel *Trace Elements of Random Tea Parties* (Farrar, Straus and Giroux), and her writing has appeared in various magazines and anthologies, including *A Fictional History of the United States with Huge Chunks Missing* (Akashic Books). She currently teaches writing at The New School and lives in the East Village of Manhattan.
