

## Sing You Home

Every life has a soundtrack. All you have to do is listen. Music has set the tone for most of Zoe Baxters life. Theres the melody that reminds her of the summer spent in pursuit of the perfect tan. A dance beat that makes her think of fake IDs and nightclubs. A dirge that marked the years she spent trying to get pregnant. In the aftermath of a series of personal tragedies, Zoe throws herself into her career as a music therapist. When an unexpected friendship blossoms into love, she makes plans for a new life, but to her shock and inevitable rage, some people - even those she trusts most - dont want that to happen.
