

Skizzer: A Novel

Claire Trowling is on a quest. After receiving news of her sister Beccas abrupt disappearance, Claire must piece together the shadowy remnants of a past shes long forgotten in order to find her. A cryptic note scrawled in Beccas handwriting leaves more questions than it answers: Something both terrible and wonderful has happened. I cant explain now... When a stack of mysterious letters bound by a rare necklace is found, Claire heads to England--the source of the heirloom--for answers. With the help of a rectory gardener she remembers from her childhood, Claire races to discover the secrets that hold her family captive. Suspenseful and full of intrigue, Skizzer takes readers on a transcontinental hunt for answers weaving seamlessly between the distant past of childhood and the urgency of the present.
